7/2/75

Dear Russ,

As of now 7/16-18 is clear.

With the kind of life I lead there can be fast change but I now expect nothing to interfere. I am in court in another FOIA case with a calendar hearing now set for Monday but we've asked for a two-week delay. The granting of the full request could cause a conflict.

Figure on it but call first, please.

Best,
